HEADJOINT OPTIONS:

- **Basic Embouchure Cut (B)** Somewhat undercut. Noted for excellent flexibility, dynamic contrast and well-focused tone. Very popular for players of all levels.
- **Select Embouchure Cut (S)** Slightly more undercutting. Players with developed embouchures note warm sound and good flexibility throughout its range.
- **Traditional Embouchure Cut (T)** A traditional, more conservative design which features less undercutting. Favorable comments on its dynamic flexibility.
- **Combination Embouchure Cut (C)** A unique cut with a combination of radiused undercut angles. Relatively easy articulation and good intonation between octaves.
- **Progressive Embouchure Cut (P)** For the player who prefers more undercutting. Noted for quick response, "nice, rich tone," and lyrical qualities on slurred passages.
